EDUCATION

Dr. A.P.J Abdul Kalam Technical University

Bachelor of Technology (Computer Science, Minor in Data Science)

Lucknow, India

Aug. 2024 – May 2028

TECHNICAL SKILLS

Languages: C, Python, JavaScript, HTML/CSS, Rust (Performance Logic)

Libraries & Frameworks: NumPy, pandas, Matplotlib, React.js, Node.js, Tailwind CSS

Developer Tools: Git/GitHub, Linux/Bash, VS Code, Kaggle, Postman, Vite

Core Concepts: Data Structures and Algorithms (DSA), Machine Learning, Statistics, REST APIs

PROJECTS

CyberGuard AI | *Python, Multi-Agent AI, Google AI, Kaggle*

Kaggle Link

- Engineered a multi-agent AI system to automate vulnerability detection and simulate cyber-attacks.
- Developed interactive modules for real-world defensive practice, streamlining cybersecurity education for users.
- Deployed the project on Kaggle, leveraging AI to enhance pedagogical access to complex security concepts.

PhishShield | *React, Rust, JavaScript, HTML/CSS*

GitHub Link

- Architected a client-side AI phishing detection tool using Rust for high-performance URL and IP address analysis.
- Optimized for zero-latency feedback and 100% user privacy by executing all logic locally on the browser.
- Implemented modern frontend techniques to improve detection accuracy and enhance internet safety for everyday users.

Personal Developer Portfolio | *React (Vite), JavaScript, Tailwind CSS, EmailJS*

GitHub Link

- Developed a high-performance, responsive portfolio website using a modular React architecture to showcase technical projects and software engineering expertise.
- Engineered a modern UI with custom CSS animations and Tailwind CSS, ensuring cross-browser compatibility and mobile-first responsiveness.
- Integrated EmailJS for seamless client-side email communication through a secure, functional contact form.
- Optimized web performance and deployment workflows using Vite and Git, maintaining a clean and professional personal brand presence.

ACHIEVEMENTS

- **CodeChef 3-Star Coder:** Achieved a three-star rating, demonstrating consistent performance in global programming contests.
- **100-Day Coding Streak:** Maintained a continuous century-long coding marathon, reflecting discipline and technical grit.
- **1,000+ Algorithmic Challenges Solved:** Resolved over 1,000 problems on CodeChef to sharpen optimization skills.
- **DSA Proficiency:** Completed advanced Data Structures and Algorithms coursework, bridging theory with practical code.

CERTIFICATIONS

- **Google AI Certification:** Certified in foundational Artificial Intelligence and Machine Learning principles.
- **Capstone Project:** Developed a capstone project as part of a 5-day intensive AI training program by Google.
- **CodeChef DSA Certification:** Validated expertise in complex algorithmic problem-solving and efficiency.
- **National Students Paryavaran Competition (NSPC):** Certification awarded by the Government of India.

VOLUNTEERING

College Event Volunteer

ABES Institute of Technology

Event Coordinator

- Coordinated logistics and management for institutional literacy functions and large-scale college events.
